RE: NOTICE OF SUDDENLINK CHANNEL CHANGES

Dear Mayor May,

Suddenlink keeps getting better. In White Oak, we are beginning the process to expand the number of high-definition (HD) channels, at no additional cost to customers. These improvements are part of a larger company-wide program that calls for approximately \$350 million in capital investments over three years, above and beyond Suddenlink's traditional capital spending levels.

The first stage of our local work involves migrating to an all-digital TV line up, featuring sharper pictures and higher-quality sound. In turn, this work will enable the addition of even more HD channels to our lineup. In order to migrate to an all-digital TV lineup, there are some channel changes that must be made.

Effective October 11, 2011, the following channels will be made to the Advanced TV channel lineup in White Oak.

- C-SPAN will move from Limited Basic channel 16 to channel 10.
- Home Shopping Network will move from channel 15 to channel 97.
- Inspirational Network will remain on channel 17 but will only be available via a digital signal.
- QVC will move from channel 20 to channel 96.
- KLTV-DT (TMO) Tyler, TX will move from channel 21 to channel 19.
- Headline News will move from channel 65 to channel 43.
- Trinity Broadcasting Network will move from channel 66 to channel 70.
- EWTN will remain on channel 67 but will only be available via a digital signal (digital equipment required.)
- Outdoor Channel will move from channel 68 to channel 42.
- ShopNBC will move from channel 72 to channel 95.
- TV Guide Channel will move from channel 70 to channel 68 and will only be available via a digital signal.
- Jewelry Television will move from channel 71 to channel 94 and will only be available via a digital signal.

In addition, the following channels will be removed from the lineup

- The West Coast feeds of Encore, channels 310-315
- Sundance West, channel 321
- The West Coast feeds of Cinemax, channels 370-373
- The West Coast feeds of The Movie Channel, channels 402-403
- HBO Latino West on channel 544.
- IN Demand Barker and IN Demand Channels 4-7

Lastly, we will be changing the current format of the Advanced Digital TV lineup to be in line with other areas within the company. This means that some channels will move to a different channel location on the lineup. We have included a copy of what the new channel lineup will look like. This channel lineup is effective October 11, 2011 and is included with this letter.

We will be mailing information directly to our customers, explaining the changes we're making and additional channels that will be launching.

I hope this overview of our plans is helpful to you. If you have any questions, please do not hesitate to contact me at 903 577 8761.

Sincerely,

Jeff Radcliff
System Manager
